

Han-Kit®-10A

Part Number: 10 20 010 0000

Hood: Han 10 A
Material: Die cast light alloy
Degree of protection: IP 65
Cable entry protection: Pg 16

Male insert: Han 10 A/10 poles +
Screw termination: up to 2.5 mm²
Working voltage: 600V UL/CSA
Working current: 16 A

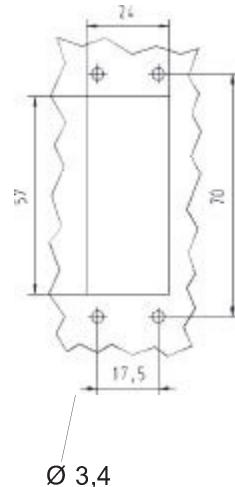

Female insert: Han 10 A/10 poles +
Screw termination: up to 2.5 mm²
Working voltage: 600V UL/CSA
Working current: 16 A

Housing
bulkhead mounting: Han 10 A
Material: Die cast light alloy

Flange gasket

Degree of protection according to IEC 529 / EN 60529
in locked position: IP 65

Panel cut out
57 x 24 mm

Han-Kit®-16A

Part Number: 10 20 016 0000

Hood: Han 16 A
Material: Die cast light alloy
Degree of protection: IP 65
Cable entry protection: Pg 16

Male insert: Han 16A/16 poles +
Screw termination: up to 2.5 mm²
Working voltage: 600V UL/CSA
Working current: 16 A

Female insert: Han 16 A/16 poles +
Screw termination: up to 2.5 mm²
Working voltage: 600V UL/CSA
Working current: 16 A

Housing
bulkhead mounting: Han 16 A
Material: Die cast light alloy

Flange gasket

Degree of protection according to IEC 529 / EN 60529
in locked position: IP 65

Panel cut out
73 x 24 mm
